## We are ready to help change your school

An educator who knows how to get deep results for students!

Dr. Boykins has had a record of success that distinguishes him from other educators around the country. His hands-on approach ensures that his students exceed the standards. He has served as:

Headmaster of a K-12 Christian Academy in Atlanta, his school was voted "School of the Year" by the National Institute of Independent Education

Principal of an inner city school with 100% free and reduced lunch, his school increased test scores by over 300% in reading and math

Principal of urban school with 74% free and reduced/Title 1 School, Dr. Boykins created a state-of-the-art math and science school; from 17th to 1st in district

Increased parent participation from 20 parents to 1,000 involved parents at Academic Nights

Created academic competitions to challenge his students and others in math and science competitions (over 7,000 attended in Atlanta in 2008)

His students have shown their competitive spirit and preparation and have won numerous first place awards at state math competitions

Highlighted on the front page of the Atlanta Journal Constitution Newspaper for defeating another state's top Math & Science Magnet school in a math competition

Created a body of students who consistently take the advanced math and science courses in high school
